## Brief power outage in the Glarus region

**A short power outage occurred in the Glarus region during the night leading into Thursday.**

The interruption lasted from 11:58 p.m. to 12:00 a.m. and was caused by a fault in Axpo's supra-regional distribution network. The exact cause is currently being investigated.

### About Axpo

Axpo is driven by a single purpose – to enable a sustainable future through innovative energy solutions. Axpo is Switzerland's largest energy producer and an international leader in energy trading and the marketing of solar and wind power. Axpo combines the experience and expertise of more than 7,000 employees who are driven by a passion for innovation, collaboration and impactful change. Using cutting-edge technologies, Axpo innovates to meet the evolving needs of its customers in over 30 countries across Europe, North America and Asia.
